

```
console.log("Hello!!!");
```

```
setInterval(function task() {  
  console.log("timed!!!");  
}, 100);
```

```
// assume there is a button by id "btn"
```

```
$("#btn").click(function clicked() {  
  console.log("clicked!!!");  
});
```

```
console.log("Bye!!!");
```

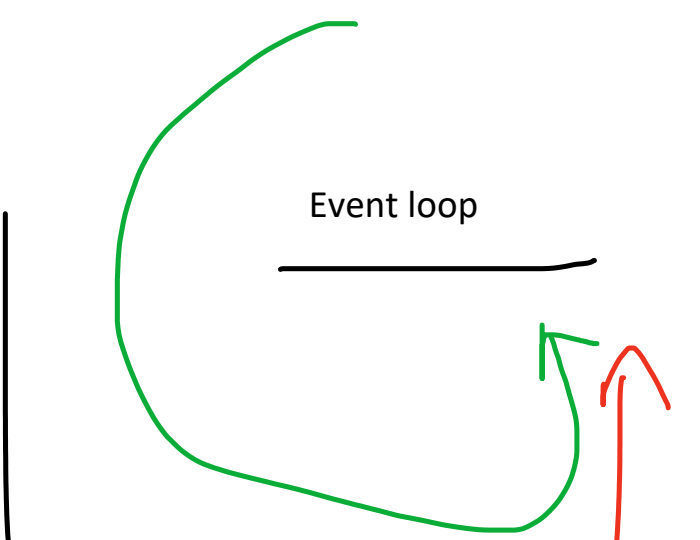

OK

How

Stack

✓ libuv ✓

```
setInterval(  
  console.  
}, 100);  
  
$("#btn").click(  
  console.log(  
  });
```

Callback ✓

task	✓ task	click	click
-----------------	--------	-------	-------

```
[function task() {  
  log("timed!!!");
```

```
function clicked() {  
  "clicked!!!");
```
